

# 14<sup>th</sup> European Headache Federation Congress

July 3–5, 2020 • Berlin, Germany

## EHF 2020 | Call for abstracts

Dear Sir or Madam, Dear colleague,

We herewith cordially invite you to the **14<sup>th</sup> Congress of the European Headache Federation** in Berlin.

New and exciting times are dawning, with a slew of new therapies underway: CGRP antibodies for migraine prophylaxis, lasmiditan as an alternative to triptans for acute therapy, atogepant, ubrogepant, possibly PACAP antibodies and more. That is why we chose "Head over Ache: Silver Lining Novel Treatments" for the motto of the congress.

**EHF especially invites young scientists to submit their best work.**

There are 4 scientific slots completely dedicated to submitted posters:

- a) Clinical science,
- b) migraine,
- c) basic research and
- d) Cluster headache.

The four or five best abstracts will be granted a presentation slot within each corresponding plenary session and all costs will be covered by the congress (registration, travel, accommodation).

Abstract submission deadline: **January 31, 2020**, Abstracts will be published in EHF's official Journal TJHP (The Journal of Headache and Pain by Biomed Central/Springer).

If you have any questions, please feel free to contact Cyntia Rammel from our PCO Conventus via [ehf2020@conventus.de](mailto:ehf2020@conventus.de).

We look forward to welcoming you in Berlin!

Best regards,  
Zaza Katsarava  
*President EHF & congress chair EHF 2020*
