

# European Headache Federation (EHF)

## EHF Announcements

Dear all,

It was a pleasure meeting most of you last week during congress in Athens – we would like to take the opportunity to invite you to join us at:

### **9th EHF-SAS edition in Rome from 12–14 July 2019:**

Twenty full-bursaries are available. EHF-SAS offers young EU clinicians high qualifying educational activities, enhancing their critical spirit and their skills to face the complex knowledge of clinical headache medicine, always in a multidisciplinary perspective. Program and application at <https://ehf-org.org/aims-and-scope/>.

### **14th EHF Congress in Berlin from 3–5 July 2020:**

New and exciting times are dawning, with a slew of new therapies underway: CGRP antibodies for migraine prophylaxis, lasmiditan as an alternative to triptans for acute therapy, atogepant, ubrogepant, possibly PACAP antibodies and more. That is why we chose "Head over Ache - Silver Lining Novel Treatments" for the motto of the 14th European Headache Federation Congress. Keep yourselves updated with the latest news about the event: [www.ehf2020.com](http://www.ehf2020.com).

PS: Please be aware that EHF never committed to [www.migraineconferences.org](http://www.migraineconferences.org)!

Yours,  
Franziska
